Heldenfels Enterprises announces 1st Precast Beams Set On Border Highway

HEI produced TXDot TX-70 Beam installation @ Loop 375 Border Hwy West Extension, El Paso, TX
Pictures by Adam Mainka, VP of Operations & GM, HEI El Paso Plant

After several months of production of precast TXDot TX-54 and TX-70 beams for the Loop 375 Border Highway West Extension project, Heldenfels Enterprises announces that the first beams for the project were shipped to and set by the Abrams Kiewit Joint Venture on Span 5 of Bridge 19.

HEI is continuing production of the approximately 1,300 precast TXDot beams required for the project which should be completed by 2017. Production began at its Dyer Rd. facility in August, 2015.

Heldenfels Enterprises, Inc. is a leading manufacturer of precast/prestressed concrete structures serving the highway and bridge, commercial, marine/industrial and sports facility construction markets. The company operates plants in San Marcos, and Corpus Christi as well as its newest facility in El Paso, Texas
